— CHEMICALS —

**Empowering Healthcare
Through Precision & Purity**

Company Profile

Palchin Chemicals is a rapidly growing pharmaceutical manufacturing company, established in 2020, with a mission to improve human life by producing high-quality APIs (Active Pharmaceutical Ingredients), API Intermediates, and Bulk Drugs. Under the expert guidance of our chemists, analysts, and laboratory technicians, we are committed to helping people lead healthier, stronger, and illness-free lives.

Quick Highlights:

- ✓ *FDA-approved plant, GMP Plant*
- ✓ *Based in GIDC, Ankleshwar, Gujarat, India*
- ✓ *Strong focus on quality, validated manufacturing processes*

Why Us

Quality & Compliance

Our facility is FDA-approved, ensuring global regulatory compliance. Rigorous quality testing for every batch to guarantee purity and consistency.

Advanced Manufacturing

State-of-the-art plant located in GIDC, Ankleshwar, Gujarat. Validated, efficient processes to deliver high-value pharmaceutical products.

Customer-Centric Approach

Tailored solutions: we adapt our APIs/intermediates to meet specific client requirements. Reliable supply chain and consistent product quality help build long-term partnerships.

Ethical Vision

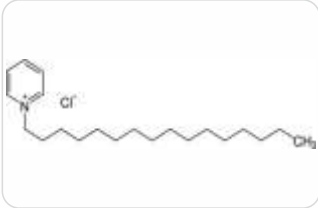

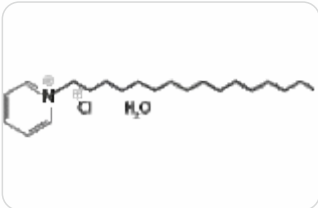

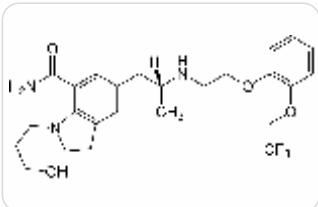

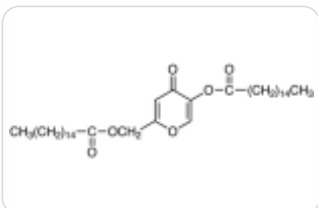

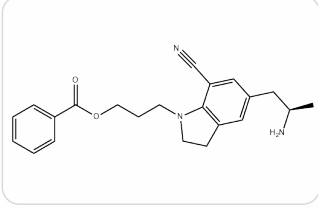

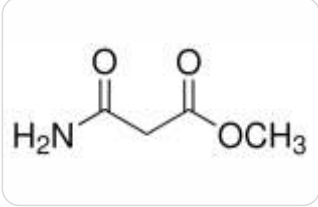

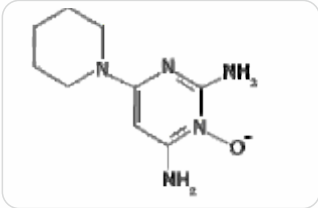

Committed to enhancing global health by supplying essential pharmaceutical ingredients. Our philosophy centers on integrity, innovation, and sustainability.
